Good morning, STORMS IC members.

Two additional things for our meeting tomorrow morning....

First, in case you've not seen it, DWR recently released a public review draft of Stormwater Targets for Groundwater Recharge and Direct Use in Urban California as required by California Water Code. The report can be reviewed at <https://water.ca.gov/News/Events/2018/Oct-18/Stormwater-Targets-for-Groundwater-Recharge-and-Direct-Use-in-Urban-California-Webinar>. The public comment period is open through Wednesday, October 31st.

Additionally, I've attached CCEEB's Water Quality Task Force's Optimizing Stormwater supplemental report for your review.

I look forward to chatting with you all tomorrow. Thank you!
